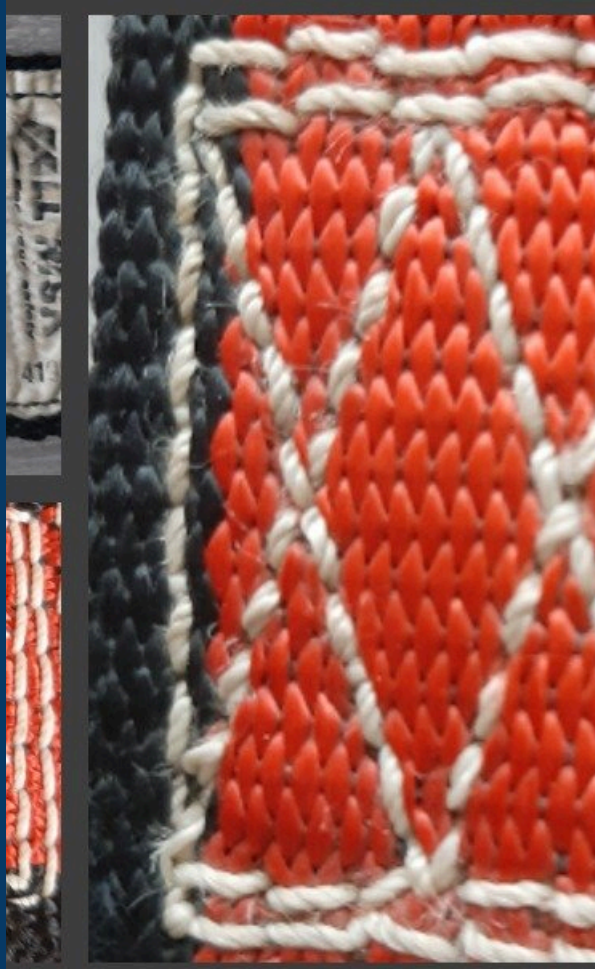
ONLINE COURSE

Fall protection equipment inspection

Harnesses, lanyards, fall arresters, sliders, rescue devices, helmets and lifting bags

- ✓ 100% online, at your own pace
- ✓ Start immediately after purchase
- ✓ approx. 3 hours of study
- ✓ Certificate at ≥ 70%



Who is it for?

Staff who periodically inspect personal fall protection equipment, such as maintenance departments, store managers and self-employed inspectors.

What will you learn?

- The legal framework, the standards and the written designation of the inspector
- The inspection sequence and the service life according to the manufacturer
- Rejection criteria for harnesses, lanyards and connectors
- Inspecting fall arresters, sliders and rescue devices – and what to do after a fall
- Assessing helmets and lifting bags, and recording everything

Programme · 9 parts

1. Legal framework and standards
2. Designation of the inspector
