ONLINE COURSE

CE marking – DIY course

CE mark your own machine under the new Machinery Regulation (EU) 2023/1230 – from safety requirements to declaration of conformity.

- ✓ 100% online, at your own pace
- ✓ approx. 4 hrs of study
- ✓ € 225 excl. VAT
- ✓ Certificate after exam

Who is it for?

For manufacturers, machine builders and anyone who wants to CE mark a machine themselves – without an external consultant, but with the certainty that nothing is missed.

What will you learn?

- ✓ Which directives or regulations apply and which standards exist
- ✓ Whether a Notified Body is required
- ✓ Which safety requirements you must assess
- ✓ Drawing up a declaration of conformity and type plate
- ✓ What belongs in the instructions for use and technical file
- ✓ The new requirements for cybersecurity, AI and software

Programme · 9 parts

1. Introduction
2. Roles in the supply chain
